

Crossing of the Red Sea - Exodus 13 and 14

I wonder...

- **I wonder what God's people were thinking as they left Egypt so quickly?**
- **I wonder why God told them not to bake their bread?**
- **I wonder how did God make Pharaoh's heart stubborn?**
- **I wonder how God's people were feeling as they began leaving Egypt?
Afraid? Nervous? Scared?**
- **I wonder what the Israelites thought about the pillar of cloud and the pillar of fire?**
- **I wonder what they thought when they ended up camped beside the Red Sea? Were they worried about how they were going to get across?**
- **I wonder what Pharaoh was thinking and feeling when he saw that he had them trapped?**
- **I wonder if it was hard for the people to listen to Moses when they thought Pharaoh was going to catch them?**
- **I wonder what Pharaoh was thinking when he saw that the Red Sea was parted?**
- **I wonder what Pharaoh was thinking as he watched his soldiers drown as the sea wall came down?**
- **I wonder why this story is important for us to know?**
- **I wonder what you think is the most important part of this story?**
