

God Provides Manna in the Wilderness - Exodus 16-17:1-7

- I wonder how Moses felt when the Israelites were grumbling about wanting to go back to Egypt?
- I wonder what God was thinking as he heard his people complaining to Moses and Aaron?
- I wonder what the Israelites thought the first time the quail and manna covered the ground?
- I wonder why it was hard for some of the Israelites to trust that God would do what he said?
- I wonder if you would have complained about the wilderness journey?
- I wonder if they got tired of eating manna and quail?
- I wonder what they thought as Moses took his staff and struck the rock at Horeb?
- I wonder if they believed that God would provide for them?
- I wonder why this story is important for us to know?
- I wonder what you think is the most important part of the story?
